What changes for your team

- Speed-to-lead under five seconds — inbound leads contacted before they cool.
- Thousands of parallel dials at a 30–40% connect rate vs 8–15% manual — your reps stop dialing and start closing.
- One operator: "We replaced a 28-person outbound team in nine weeks. Connect rates went from 12% to 41%."
- 5× meeting volume vs manual SDR dialing, without adding desks.
- Every objection, competitor mention, and budget signal captured — not lost in a rep's head.
