Meet Vault — Bank Fraud Verification

Meet Vault, a fraud-verification agent. Vault calls customers to confirm or deny suspicious transactions and flags genuine fraud to the security team.

Coverage

What it does

- Transaction confirm
- Fraud flag
- Card lock request
- Escalation

Why Finn runs it

A grounded, sub-500ms voice agent with warm human handoff on intent. Every call is recorded, transcribed, and written back to your stack. SOC 2 Type II, HIPAA, GDPR, ISO 27001 — and you pay per minute of conversation, not per seat.

Works with your stack

Razorpay, Stripe, Salesforce, Zoho.
